

life's a journey learning's an adventure

Established 1976, Greenspan Projects Ltd are a forward thinking, market focused company delivering creative design and build solutions to our clients by providing top level service from concept to completion.

With many years of experience working with early years settings, we have been pleased to work with a number of well known nursery chains, including: Busy Bees, Bright Horizons, Kiddi Caru, Asquith, Childbase, and YMCA, alongside a wide range of smaller, independent settings.

EYFS - SEVEN AREAS OF LEARNING & DEVELOPMENT

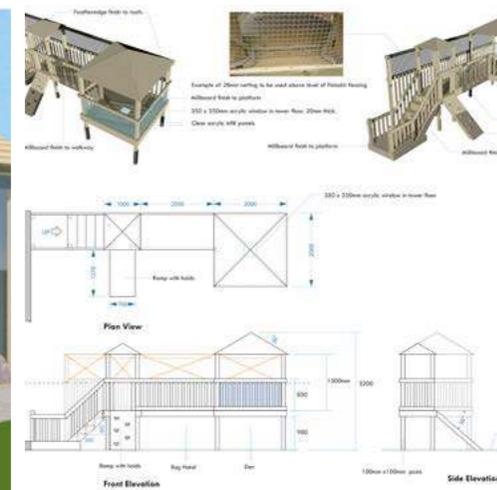

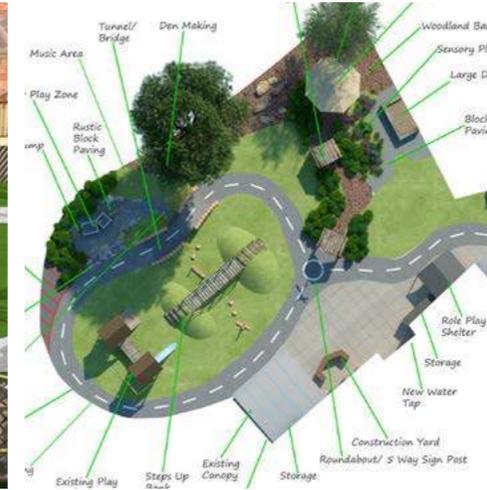

-  COMMUNICATION & LANGUAGE
-  PHYSICAL DEVELOPMENT
-  PERSONAL, SOCIAL & EMOTIONAL DEVELOPMENT
-  LITERACY
-  MATHEMATICS
-  UNDERSTANDING THE WORLD
-  EXPRESSIVE ARTS & DESIGN

Our extensive design and build experience, combined with a broad knowledge of the Early Years Foundation Stage, enables us to create amazing, bespoke outdoor spaces that truly enhance children's learning and development experiences.

CONCEPT | CREATE | COMPLETE
LET THE ADVENTURE BEGIN...

DESIGN

Our expert team of designers create amazing project concepts. We work closely with you on your design brief to come up with fully bespoke outdoor spaces.

- Concept design
- Space planning/zoning
- 3D renders & visualisation
- Construction drawings
- Scale models
- Consultation
- EYFS advice
- Masterplanning
- Landscape design
- Play safety legislation compliance

PLAY STRUCTURES & AREAS

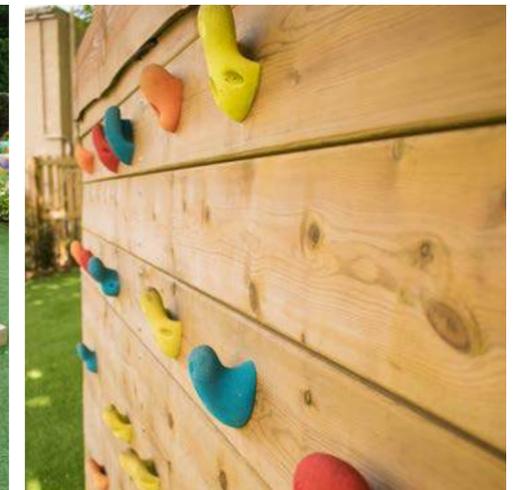

We work closely with you on your design brief to create an outdoor space that is full of play and learning opportunities. No matter how large or small your space is, our team can create bespoke play structures and areas to suit your budget.

- Natural timber structures
- Climbing
- Bridges
- Balancing
- Adventure
- Traversing walls
- Play safety legislation compliance
- Bespoke design
- Creating challenge
- Promoting physical activity

ACTIVITY TRAILS & PHYSICAL PLAY

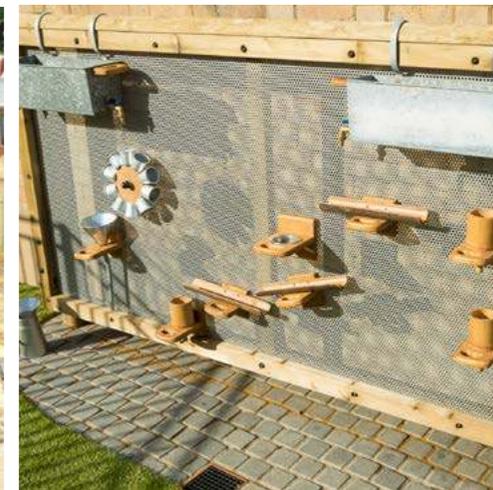

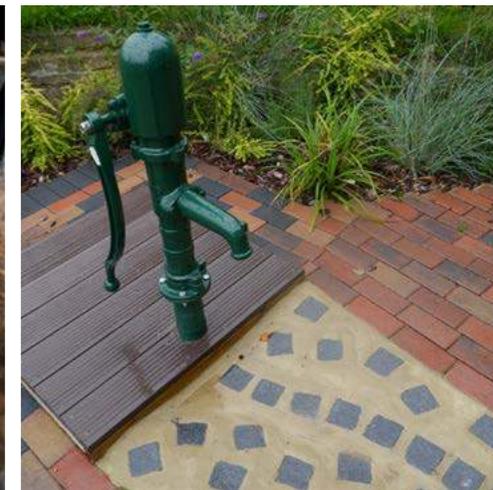

Physical play allows children to burn off some steam whilst developing their balance, coordination, control and movement. A bespoke activity trail offers a great way for children to get active.

- Balancing beams
- Stepping logs
- Stiles & crawl-throughs
- Climbing walls
- Pull-up ramps
- Trails specifically suitable for early years
- Bridges
- Climbing nets
- Tunnels & mounds

WATER PLAY

Water play is extremely fun, offering a natural, sensory play and learning experience. It's both stimulating and educational, promoting scientific exploration and problem solving.

- Natural water play areas
- Fresh water pumps
- Magnetic water walls
- Water & sand combined areas
- Bamboo water walls
- Cobbled water runs
- Water play equipment
- Water transportation

SAND & MUD PLAY

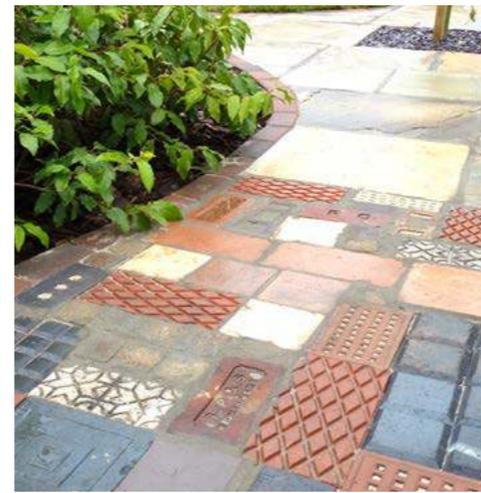

Sand and mud play allows children to use their imagination and enjoy hours of messy fun as they explore this fantastic sensory experience. There's plenty of opportunity for experimentation and creative discovery.

- Sandpits
- Mud kitchens
- All-weather structures
- Digging pits
- Transportation pulleys
- Sand chutes & wheels
- Bespoke sand covers
- Natural beach zones

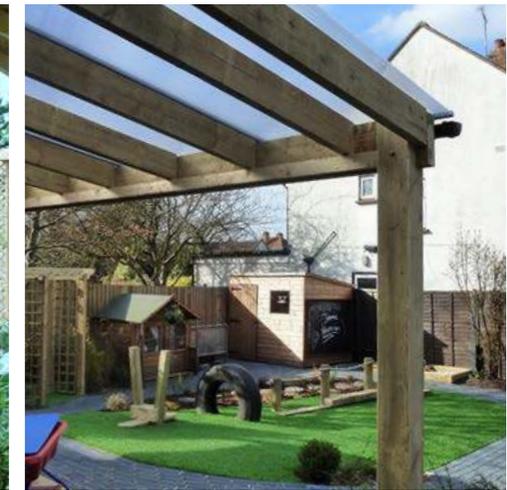

SURFACING

We can design wonderful pathways, roads and tracks to enhance your outdoor space. Children can have great fun riding their trikes and bikes, pushing toy cars around a track, or exploring the range of textured surfacing materials.

- Paving
- Wetpour
- Bricks & cobbles
- Timber & composite decking
- Mini MUGAs
- Resin bound gravel
- Rubber mulch
- Natural materials
- Sensory paving
- Artificial grass

SHADE & COVER

We can install a range of shades and coverings to ensure that your outdoor space is usable and safe come rain or shine.

- Structural calculations
- Bespoke designs
- Sail shades
- Gazebos
- Canopies
- Steel structures
- Timber canopies
- Awnings

ROLE PLAY & STORY TIME

Role play and story time is a great way to encourage children to use their imagination. We can create wonderful role play and story time areas to suit your requirements.

- Story time areas
- Role play areas
- All-weather structures
- Dens
- Construction areas
- Mini road tracks
- Stage areas

NATURE

Children learn about the world through their senses. Embracing nature is a fantastic way to help children learn about the natural world around them.

- Growing areas/allotments
- Bug hotels
- Sensory planting
- Raised planters
- Nature trails
- Polycarbonate greenhouses
- Living willow
- Bamboo dens

CREATIVE PLAY

Inspire children to express their creative side with a range of bespoke arts and design features.

- Blackboards
- Whiteboards
- Sensory play
- Musical instruments
- Scales
- Bespoke designs for new ideas

MUCH MORE...

Our bespoke designs mean that we can create literally anything for your outdoor space, providing children with a truly unique learning and development environment, with maximum play value, whilst ensuring compliance with current legislation.

- Construction areas
- Signage
- Wood carvings/rubbing plates
- Bespoke seating
- Dens and gazebos
- Play panels
- Totem poles
- Tunnels and mounds

“

This is the third project Greenspan have done for us, they are professional and have never let us down on the completion date agreed. We love the designs and bespoke items they are happy to design for us ensuring we get the quality and design that we want for our nurseries. We have very high standards and know Greenspan will complement us with theirs. We highly recommend Greenspan and know that Futurepath Childcare can rely on them to develop and design all types of areas into a safe environment for our children to thrive and learn in. Greenspan also offer very good after care to ensure the play areas remain safe for years to come. Thank you all for another wonderful result.

Futurepath Childcare

“

Having worked with Greenspan over the last few years we have found them to be very user friendly. They take the time to listen to our specific needs for each individual setting, are flexible and creative when it comes to the design and product placement for the space and execute the installation in a timely and professional manner. In addition, they have used their extensive early years knowledge and expertise to work with us to create innovative products which are both safe for our children and compliant whilst also incorporating the various areas of learning.

Bright Horizons

“

What Greenspan does really well is they make you feel at ease. They show you materials and designs that meet your needs, and they are able to go the extra mile sourcing products and services.

Nightingale Nursery

“

Wishing to create a truly bespoke outdoor environment that would cater for all children three months to five years I wanted something very different to what I was seeing in the playground equipment catalogues I was being shown. From our first meeting when I began talking of zoning off areas, creating hidden woodland environments, opportunity for mark making, transporting, cause and effect, gradient and levels of play I felt listened to for the first time. Thank you Rod to you and your team; we are thrilled with the space you have helped to create and have enjoyed every element of the experience.

Kiddi Caru Day Nurseries

TESTIMONIALS

“

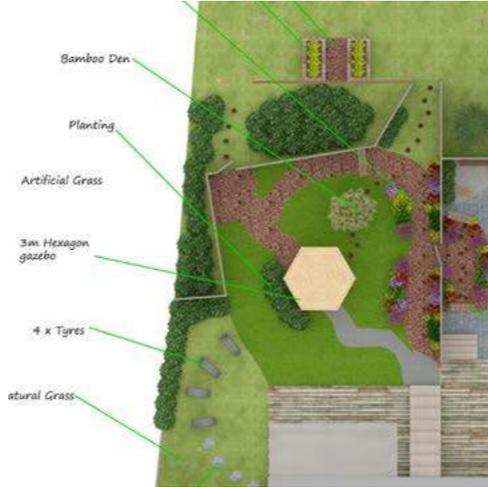

I just wanted to let you know how delighted the children and parents are with the new garden here in Cardiff - we have had a lot of very positive comments from parents and the children love the water pump and sand pit especially!

Busy Bees

“

We have many different companies and contractors on site throughout the School breaks, generally each with their own unique issues and delays - It's part of working within the tight time frames schools require. Working with Greenspan has been a pleasure, the canopy looks superb and the finish is excellent. Any issues we raised no matter how small were dealt with quickly and professionally, leaving no mess, and all was delivered before the staff and children returned. Many thanks for your great service, and we look forward to working with you on future projects.
